## “totally unique”

*fivefourstudios is such a unique place to get married. We trawled through all the hotels and estates out there and finally found fivefour and it was exactly what we wanted. It's basically a blank canvas to create whatever you like, and there's so many spaces within the building to use in different ways. Also, it has the added bonus of having a licence so you don't have to worry about moving your guests around.*

*The manager Emma was absolutely incredible; she made sure everything went perfectly, was so helpful in the lead up to the day and was just a total babe! Would 100% recommend this venue!*

## “amazing white space for a unique wedding”

*After searching for hours on end for a 'minimal white warehouse venue' this place finally popped up. It truly is a unique venue! We live in London so there are various white warehouse venues but often with only one space and so many rules and regulations of timings and suppliers, not to mention the crazy prices…*
*This place is amazing and the staff will go above and beyond to make your day faultless. Emma is the dream manager, incredibly calm and reassuring and very organised and efficient. It's a family run business and you can really tell. Her son helped us the day before with getting the venue ready and he was also a delight!*
*The blank canvas allows you to do anything you want and the bar area is a fantastic space for people who prefer to chill rather than party! The loft area where we held the drinks reception and evening party is utterly beautiful. Guests were totally blown away by the venue and everything about the whole wedding was perfect.*
*Can't recommend this place enough! Thank you so much!*

*What a wonderful venue! Wish we could just hang out in the bar and dance the night away in the studio all the time! Thank you for everything - the day was perfect, we wouldn’t change a thing! We got so many comments how excellent the bar staff were. Thank you!*
